

Complete Professional Services, LLC (CPS) is a rapidly growing small business with extensive capabilities in systems development, integration, maintenance and support in the Federal Health Care, Logistics, National Security and Civil Government Information Technology (IT) domains. Our goal is straight forward - we aspire to be a world-class provider of services and solutions to the federal and commercial marketplace, by building trust and creating lasting value for our partners. CPS employs a mission oriented approach focused on results and customer satisfaction that is genuinely evidenced by our growing list of satisfied customers and relevant past performance.
